Carlyle Reports Third Quarter 2024 Financial Results

November 7, 2024

Washington, D.C. and New York, November 7, 2024 – Global investment firm The Carlyle Group Inc. (NASDAQ: CG) today reported its unaudited results for the third quarter ended September 30, 2024. The full detailed presentation of Carlyle's third quarter 2024 results can be viewed at ir.carlyle.com.

U.S. GAAP results for Q3 2024 included income before provision for income taxes of \$789 million and a margin on income before provision for income taxes of 29.9%. Accrued performance allocations, net of accrued giveback obligations, of \$7.2 billion as of September 30, 2024 increased 27% from June 30, 2024.

Carlyle Chief Executive Officer Harvey M. Schwartz said, "Carlyle's record third quarter results reflect the impact of strategic actions we have taken over the past eighteen months. These actions, combined with a pick-up in investment activity across our platform, helped generate one of the best quarters of performance in the firm's history, including record quarterly Fee Related Earnings and FRE margin, and a nearly 30% quarterly increase in our net accrued performance revenues. With this momentum, we are well-positioned to capture new opportunities in an evolving market and continue delivering strong returns and long-term growth for our clients and shareholders."

Dividend

The Board of Directors has declared a quarterly dividend of \$0.35 per common share to holders of record at the close of business on November 18, 2024, payable on November 25, 2024.
